Ron Griffiee
Griffiee's Cleaners
6319 Mill Plain Boulevard
Vancouver, Washington 98661

Dear Mr. Griffiee:

Dangerous Waste Regulations, Compliance

I appreciate your concern for complying with the State Dangerous Waste Regulation Chapter 173-303 WAC. The regulations are complicated, therefore, I am including a highlighted copy for your information. Your sludges and filters must be disposed of at a permitted Treatment, Storage and Disposal Facility. Annual reports of waste generated must also be filled out. Please apply for a State/EPA Dangerous Waste Identification Number by completing the Form 2 that I have enclosed. A site specific number will be issued to Griffiee's Cleaners, enabling you to manifest your waste for offsite transportation and disposal. Most dangerous waste transporters are willing to provide you the technical assistance necessary to fill out a manifest.

I have also enclosed a guidance documents which clarifies the recycling of dangerous waste on-site which includes most dry-cleaners. This enclosure will help you determine the quantity of waste generated for annual reporting purposes. If you have any questions pertaining to the regulations, please don't hesitate to telephone me at 586-2713. Thank you again for your attention to these matters.

Sincerely,

Paul R. Stasch

Paul Stasch
Hazardous Waste Inspector
